DOH-MONROE WELL BEING SURVEY UNDERWAY

Contact:

Jennifer Lefelar, Public Information Officer
Florida Department of Health – Monroe County
305-434-5413

Monroe County, Fla. – Every five years, the Florida Department of Health in Monroe County (DOH-Monroe) renews its Community Health Assessment (CHA) and Community Health Improvement Plan (CHIP).

The Well Being Survey is a critical part of this process and is available to all residents of Monroe County (age 18+) to provide their input on health issues they would like to see addressed.

Information gathered from the Well Being survey will help identify the top community health priorities facing Monroe County and help DOH-Monroe to generate appropriate goals and objectives to improve these priorities over the next five years.

All residents (age 18+) are invited to take the survey, which is available in English, Spanish and Haitian Creole, at www.tinyurl.com/wbs24.

###

About the Florida Department of Health

The Department, nationally accredited by the [Public Health Accreditation Board](#), works to protect, promote, and improve the health of all people in Florida through integrated state, county, and community efforts.
