

Lower Keys Medical Center
and the

Florida Department of Health in Monroe County
Proudly Presents

"IT'S SCARY TO NOT KNOW YOUR NUMBERS"

Did you know that many diseases are considered silent killers?
Many conditions can be determined through routine
examinations and can be managed with lifestyle changes or
medication.

If you've put off connecting with your healthcare team over the
past two years, you're not alone. This fall season, join us for a
community health fair to learn more about your health and take
control of your life.

18
OCT

COME JOIN US
WEDNESDAY OCT. 18 1-3 PM at
